

## THE 'MINOR' CAVES ARCHIPELAGO

Along the Adriatic coast lies an intricate network of hidden caves, thanks to its unique underground geology. Below each stunning nature reserve lies a whole eco-system of karst-formations, hidden treasures just waiting to be discovered. **Adriaticaves** is branching out, like the tunnels of its hidden network, linking up with partners across the Adriatic. Each 'minor' cave joining others to star in this magical underground constellation. 'Minor' caves, with major impact. Mirroring the wonder of the sky above. A trip to remember and a treasure for life. Everything is mapped out in a magical mystery tour where nature-loving visitors can set their own pace, taking any route they like to unearth the myriad of riches and sate their curiosity wondering at the surprises waiting to be found.

## SUSTAINABLE TOURISM

Fascinating, mysterious, enchanting: entering the caves is like venturing beyond the everyday world. From huge vaulted caverns to impracticable water-filled passages, from tiny remote pilgrimage sites to massive tourism enterprises, caves are places of mystery. Dark spaces that remain largely unexplored, caves are astonishing wonders of nature and habitats for exotic flora and fauna.

Caves are unusual spaces merging legends and facts, science and art: any tourist willing to face new ideas will enjoy to get a visit. Once you enter this charming underworld, you learn the mysteries and secrets (both imagined and real) that lie in its depth.
